**Head Of Department/Educational Support**

**Email:** [dawa\\_tshering\\_sherpa@schools.gov.sg](mailto:dawa_tshering_sherpa@schools.gov.sg)

My educational philosophy involves creating an inclusive and nurturing environment where every student is supported and valued. I believe that leadership involves cultivating a culture of care, collaboration, and empowerment, allowing both students and staff to thrive. A key part of my commitment is establishing early identification and monitoring systems to address students' learning and social-emotional needs, while coordinating targeted interventions to foster their growth. By building a structured framework—focusing on early detection, regular monitoring, and leveraging partnerships—I aim to provide holistic support for students with high needs, ensuring their academic, social, and emotional development.

My vision for the future is one where schools are hubs of inclusivity, addressing diverse needs with care and understanding, and removing barriers to learning through well-coordinated, data-driven strategies. I am dedicated to enhancing educators' capabilities through professional development, nurturing a shared sense of responsibility to uplift all students. By aligning programmes and support across students with diverse needs, I want to ensure that every student, regardless of background, can succeed in a positive and enabling school environment.

‘Be kind whenever possible. It is always possible’

His Holiness the Dalai Lama
