

**Ms Durga Devi**

**Acting Level Head/ Craft & Technology**

**Email: [durga\\_devi\\_v\\_jagarajan@schools.gov.sg](mailto:durga_devi_v_jagarajan@schools.gov.sg)**

**I believe that every student has unique potential and creativity, which can be nurtured through meaningful learning experiences. My educational philosophy is to create an environment where students are encouraged to express their ideas, explore their passions, and develop essential life skills. By focusing on holistic education, I aim to empower students to become well-rounded individuals who contribute thoughtfully to society.**

**As a leader, I believe in empowering both students and teachers to take ownership of their learning and teaching. I value collaboration, open communication, and the continuous professional development of educators. Leading with empathy and fostering a culture of innovation, I strive to create an inclusive learning environment where creativity and critical thinking flourish.**

**Albert Einstein once said, “It is the supreme art of the teacher to awaken joy in creative expression and knowledge.” This quote resonates with me because it highlights the teacher’s role in inspiring creativity and joy in learning, which aligns with my belief in fostering curiosity and passion in students.**

**I am committed to nurturing each student’s potential, especially in creative fields. Through engaging learning experiences, I aim to help students build critical skills like collaboration, problem-solving, and resilience.**

**My vision is to foster a learning environment that embraces creativity, innovation, and sustainability, equipping students with the tools to become responsible global citizens and confident agents of positive change.**
